

## Wyoming Sexual Assault Statistics

**Victims served in state annually:** 7,200 DV and SA combined;  
(all programs are dual domestic violence and sexual assault programs.)  
19.9% of women in Wyoming have been forcibly raped sometime  
during their lifetime.

## Uniform Crime Data

### **Number of victims recorded 2005:** 122

Forcible rape is defined by the FBI as “the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded”. This definition of rape is extremely limited, excluding male victims of sexual assault, incidents where physical force was not used, victims raped by family members, and only counting victims of vaginal/penile penetration.

## About the Wyoming Coalition Against Domestic Violence and Sexual Assault

**What WCADVSA does:** To provide a state level voice for local programs and participate in policy and planning activities. To provide resources, training and technical assistance to ensure quality public education. To provide leadership in the ongoing development of communication and conflict resolution models and staff structures.

**Funding**  
**Pass through? Yes**
